PROFESSIONAL PROFILE

Motivated and detail-oriented aspiring Web Developer with hands-on experience building database-driven web applications using PHP, MySQL, HTML5, CSS3, Bootstrap 5, JavaScript and jQuery. Currently completing the IDB-BISEW Web Development Scholarship program with additional training in React and Laravel. Built a practical Point of Sale and Management System using PHP and MySQL, with structured application components including controllers, models, routes, views and database resources. Seeking an entry-level position as a Junior Web Developer, PHP Developer or Laravel Developer.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Bootstrap 5, JavaScript, jQuery, React
Backend	PHP, Laravel Framework
Database	MySQL, SQL
Development	CRUD Operations, MVC Architecture, Database Integration, Form Handling, Responsive Web Design
Tools	Git, GitHub, Visual Studio Code, XAMPP, phpMyAdmin, Postman

CORE COMPETENCIES

- Responsive Web Development
- Frontend UI Development
- PHP Backend Development
- MySQL Database Integration
- CRUD Application Development
- MVC-Based Application Concepts
- Debugging & Problem Solving
- Git & GitHub

FEATURED PROJECT

Point of Sale & Management System

Personal / Live Project

Technologies: PHP, MySQL, HTML5, CSS3, Bootstrap 5, JavaScript, jQuery

- Developed a database-driven Point of Sale and Management System using PHP and MySQL.
- Structured the application using controllers, models, routes, views and supporting libraries.
- Implemented modules for customers, customer payments, products, orders, purchases, stock and vendors.
- Built CRUD-based database workflows and responsive interfaces using Bootstrap 5, JavaScript and jQuery.
- Used XAMPP and phpMyAdmin for local development, database management and testing.

SkillBridge – Digital & Local Services Marketplace

Personal Project

Technologies: React, Vite, Laravel, MySQL, REST API

- Developed a full-stack digital and local services marketplace using React/Vite, Laravel REST API and MySQL.
- Implemented role-based workflows for seekers and service providers, including job posting, provider profiles, skills, bids and contracts.
- Built marketplace workflows for escrow, transactions, reviews, messaging, provider discovery and job search.
- Added AI-assisted features for job understanding, proposal assistance, provider matching and smart ranking.
